

# Efficient charging, convenient storage

## DELL COMPACT CHARGING CART – 36 DEVICES | CT36U18

### Efficiently charge, transport and store up to 36 devices

Transport, charge and store devices in the Dell Compact Charging Cart – 36 Devices. Move between classrooms and crowded hallways with 14-inch\* Chromebooks, laptops, Ultrabooks, and tablets neatly stored within the compact cart.

Your devices will be efficiently charged thanks to Ergotron PowerShuttle 2.0 technology, which efficiently manages power distribution to the devices, optimizing the charging time.

### Neatly manage space inside

Fit devices of varying sizes snugly within the cart by adjusting the shelves and dividers to meet your needs. Route power cables through handy divider slots to keep your cart neat and tidy. For added convenience, install an optional docking kit for Dell Chromebooks and Latitudes—eliminating the hassle of routing cables to each device.

### Functional and convenient

For added functionality, the top of the cart serves as a workspace where you can place a projector, or any device weighing up to 25 lbs. The cart also features directional locks on the rear wheels so you can confidently steer your compact cart across busy hallways with ease.

### Secure and reliable so you can enjoy peace of mind

A 2-point locking mechanism and optional padlock to keep your devices secure.

#### Transport, store and charge

Store and charge up to 36 devices neatly, while directional locks on rear wheels allow for easy transport.

#### Flexible design

Adjustable shelves and dividers, and optional docking kits allow you to customize the cart for your needs.

#### Cart Warranty

5-year warranty for mechanical components/functions, 3-year warranty for electrical components/functions, and 1 year for cables.
