

E-rate Calculator

Student Count

E-rate Percentage

The E-rate category 2 Wi-Fi budget is a 5 year, CAP-Cost budget and is calculated on a per-site basis. Find out what funding budget your school is entitled to using the following formula:

$$\$156^* \times \text{Student Count} = \text{Total Budget}$$

Calculate your school's discount using the following formula:

$$\text{Total Budget} \times \text{School E-rate \%} = \text{School Discount}$$

Calculate what your school would be required to pay using the following formula:

$$\text{Total Budget} - \text{School Discount} = \text{Amount that School Pays}$$

INCOME Measured by % of students eligible for the National School Lunch Program	CATEGORY ONE		CATEGORY TWO	
	Urban Discount	Rural Discount	Urban Discount	Rural Discount
Less than 1%	20%	25%	20%	25%
1% to 19%	40%	50%	40%	50%
20% to 34%	50%	60%	50%	60%
35% to 49%	60%	70%	60%	70%
50% to 74%	80%	80%	80%	80%
75% to 100%	90%	90%	85%	85%
