Time for Innovation

It's a safe bet, we'll call you first! Proactive alerts and automatic case creation allow Dell to start working on the problem before you can make a call.

Work anywhere, support everywhere. Our in-region ProSupport engineers are ready to help with onsite next business day service\(^1\) whether you’re in the office or around the globe, any time of day.

Through rain, sleet or snow... really! Our 6 Global Command Centers ensure parts and labor get to you through any weather, natural disaster, traffic or crisis.

One call fixes it all. Don’t get caught in a multi-vendor loop. ProSupport offers hardware and software support and assistance with third-party suppliers.

Dell ProSupport for PCs

Let’s face it, sometimes basic hardware warranty just won’t cut it. With one simple upgrade, find peace of mind and expert, 24x7 support. Automatic, proactive problem-solving takes the tedious steps out of tech support. Get the best out of your teams and let us worry about IT.

Up to 11x faster time to resolution of hard drive issues\(^1\)

Up to 13 fewer steps in the resolution process than the competition\(^1\)

Up to 92% less time to resolution than the competition\(^1\)

Can pay for itself with a single incident

ProSupport with SupportAssist³ frees your time

Proactive resolution with less customer effort

ProSupport with SupportAssist reduces time to hard drive resolution by up to 92%¹

Removing risks for your business
SupportAssist uses industry-standard precautions to protect system state information and ensure its security.
- Information is encrypted with 256 bit and transferred securely using SSL protocol
- Only system state info is used for troubleshooting
- Dell hosts system state info in a secure data center with a variety of security measures
