TRANSFORM GOVERNMENT
TRANSFORM THE COMMUNITY
Interdepartmental and inter-agency meetings require collaboration and clarity to achieve common goals. Create meeting spaces that make that possible.

Police, fire, highway, and other field personnel can directly interact within their environment, fully engage with citizens, and ultimately deliver better, more tailored public service.

Enhance the performance of your data-intensive applications, while keeping the data secured, yet accessible to multiple employees.

Share important messages with the community while providing a visual queue with large format monitors, that lets citizens know when they will be served.

Technology that can power the analysis and dissemination of surveillance and threat data across all points of the community.

Lower costs and drive efficiencies by empowering city workers and first responders to make data driven decisions.
Office centric government worker
Efficient and space-saving solutions for administrators across all segments of state and local government.

Dell recommended solution
A. Dell OptiPlex Small Form Factor 7060
B. Dell OptiPlex Small Form Factor All-in-One Stand - OSS17

G. Keyboard cover and kickstand 580-AGLS

* Some options may not be available in all regions
* Not pictured
Surveillance and threat monitoring
Technology that can power the analysis and dissemination of surveillance and threat data across all points of the community.

Solution features
A cost-effective, secure solution that powers a 43” display, which can be split into four screens to monitor multiple applications or security cameras. By using a thin client to connect to the Precision rack workstation, the data and intellectual property stays in the datacenter where it is more secure, not on the client system, which could be lost or stolen.

Dell recommended solution
A. Dell Precision 3930 Rack Workstation
B. Dell Wyse 7040 Thin Client*
C. Dell Premier Wireless Keyboard and Mouse - KM717
D. Dell 43 Ultra HD 4K Multi Client Monitor - P4317Q

* Some options may not be available in all regions
* Not pictured
Data analysis specialist

Enhance the performance of your data-intensive applications while keeping the data secured, yet accessible to multiple employees.

B. Dell Wyse 5070 Extended Thin Client*
C. Dell UltraSharp 27 4K Monitor - U2718Q

Additional accessories and options

D. Dell Premier Wireless Keyboard and Mouse - KM717
E. Dell Wyse 5030 Thin Client with PCoIP
F. Dell Pro Stereo Headset - UC350
G. Dock VESA Mount*

* Some options may not be available in all regions
* Not pictured
Digital community
Lower cost and drive efficiencies by empowering city workers and first responders to make data driven decisions.

Solution features
A flexible surveillance and gunshot detection solution using the Dell Edge Gateway 5000. By leveraging the on-edge computing provided by the Dell Edge Gateway 5000, V5 Acoustic Sensor Technology applies deep learning techniques to identify specific acoustic signatures.

Dell recommended solution
V5 Systems Portable Security Units (V5 PSU’s) are specifically designed to provide situational awareness video streaming and gunshot detection/location in any outdoor environment. The V5 Acoustic Sensor Technology uses the on-edge computing provided by Dell Edge Gateway 5000 to identify specific acoustic signatures.

Recommended solution and accessories
A. Dell Edge Gateway 5000
B. Power Module
C. I/O Expansion
D. Rugged Enclosure.

* Some options may not be available in all regions
Endpoint security solutions
Protect the community and government workers from criminal threats.

Dell trusted devices
Security begins at the device with Dell commercial PCs

Dell offers the world’s most secure commercial PC’s, powered by Intel® Core™ vPro™ processors with industry-leading endpoint security solutions that include BIOS protection, data encryption, advanced authentication and next-gen malware protection options+.

Data stays protected. End users stay productive.
IT stays confident.

Dell Threat Defense
Stay ahead of constantly changing threats and prevent more than 99% of malware at the endpoint with an AI-based algorithm, powered by Cylance. Upgrade to Dell Endpoint Security Suite Enterprise and get advanced threat protection and encryption in a unified solution.

Dell Data Guardian
For the ultimate in data security, protect data wherever it goes, including non-company networks. Control access to documents ensuring the right access for the right people, and monitor data activity and location for suspicious behaviors.

Dell Encryption
Protect data at rest with flexible encryption options. Whether it’s file-based encryption, dual encryption for an increased level of security or managing Microsoft BitLocker and self-encrypting drives, do it all from a single management console with streamlined compliance reporting.

Dell Data Security
Protect data and prevent threats with innovative Dell Data Security solutions - security that works with the modern workforce, enabling end user productivity without sacrificing security.

+ Some options may not be available in all countries.
+ Based on Dell internal analysis, October 2017.
**Support and Deployment Services**

### ProSupport Plus

Upgrade to the most complete support service with ProSupport Plus.
Available with all client systems.

Dell monitors are #1 worldwide*

Here’s why:

Innovative
Dell is first to market with monitors designed to deliver the right tools for the job, including the world’s first:

• 31.5” Ultra HD 8K monitor
• Professional-level HDR monitor with HDR10
• 27” 4K Monitor with InfinityEdge and HDR content playback support
• 23.8” and 27” monitors with super thin borders on all four sides

Designed for productivity
Today’s Dell monitors help enhance productivity and collaboration:

• Large format conference room monitors with 20-point touch
• Panoramic ultra wide curved monitors offer an immersive viewing experience
• Super thin bezel design great for dual monitors setups that boost productivity up to 18%1

Reliable
With Dell monitors you get the same commitment to quality, reliability and service that you expect from Dell—demonstrated by our Premium Panel Exchange2 available with Dell UltraSharp monitors and select Dell monitors and backed by our industry-leading Advanced Exchange Service.

Award winning
Multiple awards and positive reviews from around the globe vouch for their quality, performance and usability. Here are just a few:

Dell 24 Touch Monitor – P2418HT
iF Design Award 2017 Winner

Dell UltraSharp 32 8K Monitor – UP3218K
Best Pixels Award at CES 2017, The Verge

Dell UltraSharp 34 Curved Monitor – U3417W
Editors’ Choice 4.5/5 Rating
